Types of Programming:

Primary Audience and any measurements (polling, etc.) of viewership per channel:

TV ETC's primary audience is students, families, teachers, and staff of Clark County. We strive to produce and air content that will also appeal to the community at large, as long as it is within the boundaries of greater educational or school/public information programming.

We recently wrapped up the school year with at least one live graduation broadcast airing nearly every day over two weeks (19 graduation broadcasts total). The districts receive positive feedback on the production and accessibility of these events from families and community members alike, who cannot attend in person. This is one of the many examples throughout the school year where TV ETC is truly providing **access** to the greater Clark County educational community. The districts continue to receive positive feedback from the community about their presentation of sporting events (138 total), arts events, and school board meetings. Airing the school board meetings provides vital information to the community during a challenging year for Clark County public schools. TV ETC is proud to have made it through the year with minimal impacts to the overall outlook of our program moving forward, and we believe that is a testament to the value the districts and the community place on the resources and programming we provide.

2024 Operating Budget: \$192,000 (ESD 112 program budget only, doesn't include district video operations)

2024 Capital Budget: \$382,000

2024 Underwriting Revenue Collected (if any):

N/A

Criteria to be considered by the City/County Telecommunications Commission in recommending designated access providers and channel allocations for PEG access:

- a) Number of hours of locally produced original video programming/week per channel;
- b) Number of hours of locally scheduled video programming/week per channel;
- c) Number of days and hours per week the channel is programmed with locally produced and locally scheduled video programming;
- d) Extent to which locally produced and locally scheduled video programming focuses on the designated access category;
- e) Extent to which the locally produced and locally scheduled video programming provides value added to cable television subscribers in meeting the demonstrated needs established in the community ascertainment study.

City/County Telecommunications Commission

RESOLUTION 2024-03

Regarding Annual Review of Educational Access Programming and Re-Designation of TV ETC as Educational Access Cable Provider

Section 1. Findings

- 1.1 The cable television franchise agreement between Comcast of Washington, V LLC ("Comcast"), the City of Vancouver ("City") and Clark County ("County"), requires that the Grantor (City and County) designate an authorized entity or entities to manage or co-manage the Public, Educational and Government ("PEG") access channels on Comcast's local cable system.
- 1.2 A consortium of K-20 educational institutions (public and private) operating as The Vancouver Educational Telecommunications Consortium (TV ETC) and funded through contributions from member institutions/districts, operates three channels on Comcast's local cable system which are the designated educational access channels. The Commission originally approved this designation under the cable television franchise agreement via Resolution 1998-09 on December 3, 1998. TV ETC has been re-designated annually as the Educational Access Provider since that time.
- 1.3 All designated PEG providers will be evaluated and reviewed every three years by the Commission consistent with the provisions of the cable franchise agreement, Section 5.19.320 of the Vancouver Municipal Code and Clark County Code 36.12.160 and Section 1.6 of this Resolution.
- 1.4 TV ETC submitted an application to the Commission seeking designation as the authorized educational access provider on June 28, 2024 (attached as EXHIBIT A).
- 1.5 The Commission reviewed TV ETC's request for re-designation and representatives from TV ETC made a presentation to the Commission on August 7, 2024, in support of the re-designation and to review programming on the local educational access channels.
- 1.6 The performance criteria for designation is to include, but is not limited to the following:
 - a) Number of hours of locally produced original video programming/week per channel;
 - b) Number of hours of locally scheduled video programming/week per channel;
 - c) Number of days and hours per week the channel is programmed with locally produced and locally scheduled video programming;
 - d) Amount of operating budget which meets or exceeds the criteria of operating funds to capital funds established in section 9.6 of the franchise agreement with Comcast Corporation;
 - e) Extent to which locally-produced and locally scheduled video programming focuses on the designated access category;
 - f) Extent to which the locally-produced and locally scheduled video programming provides value added to cable television subscribers in meeting the demonstrated needs established in the community ascertainment study;

- g) Number of hours produced by each TV ETC member;
- h) Number of hours scheduled for each TV ETC member;
- i) Total number of local programs produced and airing on one of the three channels and by which providers/members, as well as by which grade level (elementary, middle school, high school) as appropriate, for airing on TV ETC channel.

1.7 The Commission finds that TV ETC, as the designated educational access provider since June 1, 2023, has fully complied with the criteria and expectations for designation (as documented in the TV ETC Annual Production Reports 2023 – EXHIBIT B) and recommends that the designation should remain in effect and that the designation will be reviewed and evaluated every three years by the Commission.

NOW THEREFORE BE IT RESOLVED:

Section 2.

- 2.1 The City/County Telecommunications Commission, through this Resolution, recommends the continued designation of TV ETC as the educational access provider for Comcast's local cable system, subject to every three years review by the Commission.
- 2.2 The Commission recommends that TV ETC continue to be allocated four channels, channels 27, 28, 29 and high definition channel 328 on Comcast's local cable system for educational access use.
- 2.3 Staff is directed to forward this Resolution to the Vancouver City Council and Clark County Council.

APPROVED (Date): August 7, 2024

Paul Dicker, Chair, City/County Telecommunications Commission

**CLARK/VANCOUVER TELEVISION
UNDERWRITING GUIDELINES
April 16, 2004**

Goals:

- To increase and enhance programming on Clark/Vancouver Television, CVTV Cable Channel 23;
- To build business relationships in Vancouver and Clark County;
- To recover costs for video production.

Overview:

The City/County Cable Television Office (“Cable TV Office”) serves as the designated government access provider for the Comcast cable television system in Vancouver and Clark County, operating Clark/Vancouver Television, CVTV Cable Channel 23. The Cable TV Office receives operational funding from the general funds of the City of Vancouver and Clark County. Due to operational budget constraints, the Cable TV Office may seek underwriting funds from area businesses to provide coverage of community events. In addition, funding may be sought to offer enhanced programming for Comcast cable subscribers.

Underwriting Guidelines:

The Cable TV Office shall seek financial support from commercial entities (i.e. underwriting) for the production of programming on Clark/Vancouver Television subject to the following conditions:

- a) Such support within any program shall not make use of the word “sponsor”;
- b) All underwriting money must be paid directly to the City of Vancouver or Clark County;
- c) Support for Clark/Vancouver Television programs may be acknowledged with a visual and/or spoken credit that may include a company’s name, logo, telephone number and web address;
- d) The audio shall be a single voice-over announcement identifying the underwriter and the service they provide, if applicable;
- e) No “jingles” or theme music associated with a specific product or business are allowed;
- f) Total credit within a program for individual underwriters may not exceed a length of 30 seconds;
- g) Credits shall not induce a direct consumer response of any kind or have any call to action;
- h) Superlative descriptions or qualitative claims about a company and its products or services are not allowed;
- i) Underwriters providing financial assistance for a production shall not have editorial control over programming;
- j) The total amount of underwriting dollars collected each year will be reported to the City/County Telecommunications Commission on an annual basis.

2023 Annual Report

Mission

Clark/Vancouver Television (CVTV) has been proudly providing local government access programming in the community for the past 40 years. CVTV is jointly funded by the City of Vancouver and Clark County.

CVTV operates on Comcast Cable channels 21/HD 321, 23/HD 323, as well as video streaming on cvtv.org.

CVTV's mission is to educate and raise awareness of local government and community issues and events for the citizens of Vancouver and Clark County by demonstrating open government, promoting community identity and encouraging public participation.

2023 Accomplishments

- Completed the upgrade to the CVTV Mobile Production Unit with PEG Grant funds that were awarded in 2022. The completion was delayed due to supply chain issues.
- Transitioned from virtual coverage of public meetings to hybrid meeting coverage, including Vancouver City Council, and Clark County Council.
- Produced over 15 informational videos promoting City and County programs and initiatives that included the Vancouver Safe Stay communities.
- Produced 303 programs equating to 417 hours of original, local programming.
- Produced 11 elections programs including LIVE general election night coverage and commentary with on-site commentators and remote candidate interviews.

RESOLUTION 2024-04

Regarding Annual Review of Governmental Access Programming and Re-Designation of Clark Vancouver Television as Governmental Access Cable Provider

Section 1. Findings

- 1.1 The cable television franchise agreement between Comcast of Washington, V LLC ("Comcast"), the City of Vancouver ("City") and Clark County ("County"), requires that the Grantor (City and County) designate an authorized entity or entities to manage or co-manage the Public, Educational and Government ("PEG") access channels on Comcast's local cable system.
- 1.2 The City and County jointly fund and operate access channels on Comcast's local cable system, Clark/Vancouver Television (CVTV), which are the designated local government access channels. The Commission originally approved this designation under the cable television franchise agreement via Resolution 1998-04 on February 18, 1998. CVTV has been re-designated annually as the Governmental Access Provider since that time.
- 1.3 All designated PEG providers will be evaluated and reviewed every three years by the Commission consistent with the provisions of the cable franchise agreement, Section 5.19.320 of the Vancouver Municipal Code and Clark County Code 36.12.160 and Section 1.6 of this Resolution.
- 1.4 CVTV submitted an application to the Commission seeking designation as the authorized governmental access provider on June 28, 2024 (attached as EXHIBIT A).
- 1.5 The Commission reviewed CVTV's request for re-designation and representatives from CVTV made a presentation to the Commission on August 7, 2024, in support of the re-designation and to review governmental programming on CVTV.
- 1.6 The performance criteria for government access designation includes, but is not limited to the following:
 - a) Number of hours of locally produced original video programming/week per channel;
 - b) Number of hours of locally scheduled video programming/week per channel;
 - c) Number of days and hours per week the channel is programmed with locally produced and locally scheduled video programming;
 - d) Amount of operating budget which meets or exceeds the criteria of operating funds to capital funds established in section 9.6 of the franchise agreement with Comcast Corporation;
 - e) Extent to which locally-produced and locally scheduled video programming focuses on the designated access category;
 - f) Extent to which the locally-produced and locally scheduled video programming provides value added to cable television subscribers in meeting the demonstrated needs established in the community ascertainment study.

- 1.7 The Commission finds that CVTV, as the designated governmental access provider since August 7, 2024, has fully complied with the criteria and expectations for designation (as documented in the CVTV Annual Production Reports 2023 – EXHIBIT B) recommends that the designation should remain in effect and that the designation will be reviewed and evaluated every three years by the Commission.

NOW THEREFORE BE IT RESOLVED:

Section 2.

- 2.1 The City/County Telecommunications Commission, through this Resolution, recommends the continued designation of CVTV as the governmental access provider for Comcast's local cable system, subject to periodic review by the Commission.
- 2.2 The Commission recommends that CVTV continue to be allocated four channels, channels 21 and 23, and high-definition channels 321 and 323 on Comcast's local cable system for governmental access use.
- 2.3 Staff is directed to forward this Resolution to the Vancouver City Council and Clark County Council.

APPROVED (Date): August 7, 2024
